

OUTSIDER 9

The letters required to complete the puzzle are listed alphabetically beside the rows and columns they need to be fitted into (the number of black squares to be accommodated is also given). Solve the clues and fit the solutions, and the black squares, into the grid so that they conform with these guidelines. The grid displays 180° rotational symmetry; that is to say it looks the same when turned upside-down.

A A A A A A
 A B A A B D
 A D B E C E
 A D D A F D H
 B E E A K E H
